Dear Parents and Students,

Clever kids at UPS
This year the cousin of Oliver & Maya H made a short film featuring Oliver & Maya set in the old graveyard off Woodburn Rd Milton. The short film is called "Colours Of The Sky" & really is worth a look. "Colours Of The Sky" has won "RAW" this year and I thought our school community might be interested in viewing it. RAW is an ABC3 initiative for children to make and upload short films. The short film was made with an "I" phone. Seeing as though there is a fair bit of negativity around children and devices, I thought it refreshing to share a positive story. Put this link into your browser’s address line. The link where you can view the short film "Colours Of The Sky":

Visitor badges are important to wear whilst on the school grounds for any reason. Make sure you call to the office if entering the school at any time during school hours. Before the start of the day and at the end of the day, there is no need to collect a badge.

Web Sites
The internet is a great resource for learning. Can I recommend three great sites for you to have a look at in order to help your child with their learning:
http://www.spellingcity.com/

Parent Teacher Interviews
The Years 1-6 parent/teacher interviews for 2015 are coming up soon and you should receive a request for interview note via your child. It is beneficial to your child if you have a great relationship with their teacher. The parents and teacher have a common goal to ensure your child works to their potential and is engaged in their learning to achieve success.

So what should you ask at the interview?
Get a feel for how your child is doing at school.
Try to get the whole picture of their typical day.
Ask about their classwork progress.
Find out if they are engaging in class and involved in lessons.
Does your child seem confident with their learning and with their peers?
Find out ways to be helpful with your child’s education at school and/or at home.

SRC Badges
These will be handed out at Friday’s Primary Assembly.

P&C AGM
The P&C AGM will be held in the interview room at 1.30pm on Monday 9th March. All positions will be declared vacant. The normal P&C meeting will commence directly afterwards at 2pm.

Market Day Wednesday 1st April

Add this date to your calendar. Our biggest fundraiser for the year is our annual Market day. Held this year on Wednesday April 1st. Mums, Dads, Grandparents, Aunts and Uncles we need your help. Cook a BBQ, make Fairy floss or sell show bags, your kids will love having you here.

Canteen Volunteers

The canteen is still looking for a few Volunteers. If you can help one day (9:30am- 2:30pm) on a monthly roster, please talk to Jen in the Canteen.

P&C AGM & Monthly Meeting

The P&C AGM will be held on Monday 9th March 1:30 pm. All positions will be open. Followed by our monthly meeting. New parents/citizens come along to the meeting room above the library (under 5’s welcome).

Lost Property

Please label all clothing items. We try to return lost items but it is impossible without a full name and class. Lost property green bins are located near the Canteen and outside Mrs Finlay’s classroom (infants).

Student Success — Congratulations to Jayden G, Mia C and Tara R who represented the Eurobodalla and Far South Coast Zones Cricket team yesterday at Surfside oval Batemans Bay where they played in a gala day to select the regional cricket team. Tara and Mia were chosen in the Girls’ South Coast Team. Congratulations—a great achievement!

Student Mufti Day — Once again this year students are allowed to wear sensible mufti cloths. This is so that families have that extra opportunity to clean up their uniforms ready for their photos. As usual we ask for a gold coin donation (or larger) to support Jindalara House which is a respite care facility and group home for young people with disabilities in the Milton-Ulladulla region. Thank you for all those families that supported this local charity.

‘Aboard a Ship to Build a Ship!’ The 3N Crew have begun exploring different viewpoints of British arrival and occupation of Australia. On Friday afternoon, parents and close relatives came aboard the 3N Ship prepared with mountains of recycled materials to attempt making their own model of a First Fleet ship. It was a fantastic opportunity for parents and teaching staff to work together in cultivating a positive learning environment, as well as have a fun (slightly competitive) time together! Thank you to all of the family members who invested their time into building a ship with 3N!

**2015 UPS DANCE TROUPE**

Last Wednesday, over 100 students from Year 3 – 6 had a fun-filled lunch time auditioning for this year’s UPS Dance Troupe! Staff were overwhelmed by the enthusiasm and talent displayed at the auditions. 25 students have been selected to train and perform as a part of the 2015 Troupe. Congratulations to these students on their achievement! You will have the opportunity to see the UPS Dance Troupe perform at whole school events throughout the year, and they will represent our school at the 2015 City of Shoalhaven Eisteddfod.

Kelsey F and Gabrielle H from 4J are working at their desks.

As part of our Science unit we are investigating the properties of materials. Groups have been testing a variety of materials and will report back to the class with their observations. Groups will use this information to help make decisions about the best materials to use to meet their design brief.
The Drum on Drumming.

All Primary students who are interested are invited to join either our Senior or Junior Drumming Ensembles. Students learn rhythms from around the world and more importantly participate in the making and performing of music as a cooperative group. The group is led by Mr Johnson.

Senior Drumming (Years 5 and 6) is on every Friday from 12:40 until 1:30 in the school hall.

Junior Drumming (Years 3 and 4) starts on the first Friday of Term 2.

Handy Hints

- Store and transport drums in a drum bag to protect them.
- Builder’s ear plugs can help protect sensitive young ears from loud noise.
- Regular rehearsal is essential for learning any instrument.
- To play quietly squash a cushion or towel in the end of the drum.

Glass jars and potted plants needed

If you have any clean and empty glass jars at home they would be greatly appreciated for use in year 6 Science lessons. They can be brought to 6M classroom or the front office. These are the sizes needed.

- 120 ml (eg baby food jars)
- 250 ml (eg tartare sauce jars)
- 330 ml (eg salsa jars)
- 500ml (eg pasta sauce jars)
